

Make a bigger impact at your events with  
**Nimble AMS + Expo Logic**

Deliver the ultimate member experience at your events. Trailblazing associations know the importance of using event technology to streamline efficiency both for its staff and members. Sit back and watch your in-person events run more smoothly with **Nimble AMS** and **Expo Logic's** integrated event technology that adapts to your needs.

According to our recent survey

**80%**

of event planners from all industries use event technology.

Whether you plan to attract new members or retain current ones, find out how event technology can drive more member value at your events.

**NimbleAMS**

**Offer fast track registration**

Allow your members to self-register and access their registration from any personal device with **Nimble AMS'** award-winning platform. Members can also view your speakers, networking events, and upcoming sessions.

**Stay in the know**

Use **Nimble AMS' communications** to keep your members updated on your event's latest procedures and requirements. Get your attendees excited about your sessions and networking opportunities before your event, so they know how to make the most out of their time.

**Hear from your members**

Discover what made your event successful by sending out post-event surveys through **Nimble AMS' communications**. This will help you prioritize your members' favorite activities, so they look forward to attending more events.

**expologic**

**Ensure a speedy onsite check-in**

Set the record for the fastest check-in by pairing QR codes with your event's registration. Members can self-check-in at the event by scanning their QR code or typing in their name. **Expo Logic's Badge[On]Demand** will automatically print the member's badge without the help of event staff.

**Get members into sessions and networking events faster**

Give attendees the gift of convenience at your next event. Cut time in half by allowing attendees to simply scan their badges onsite for session check-in and check-out through **TrackPod**.

**Issue automatic credit**

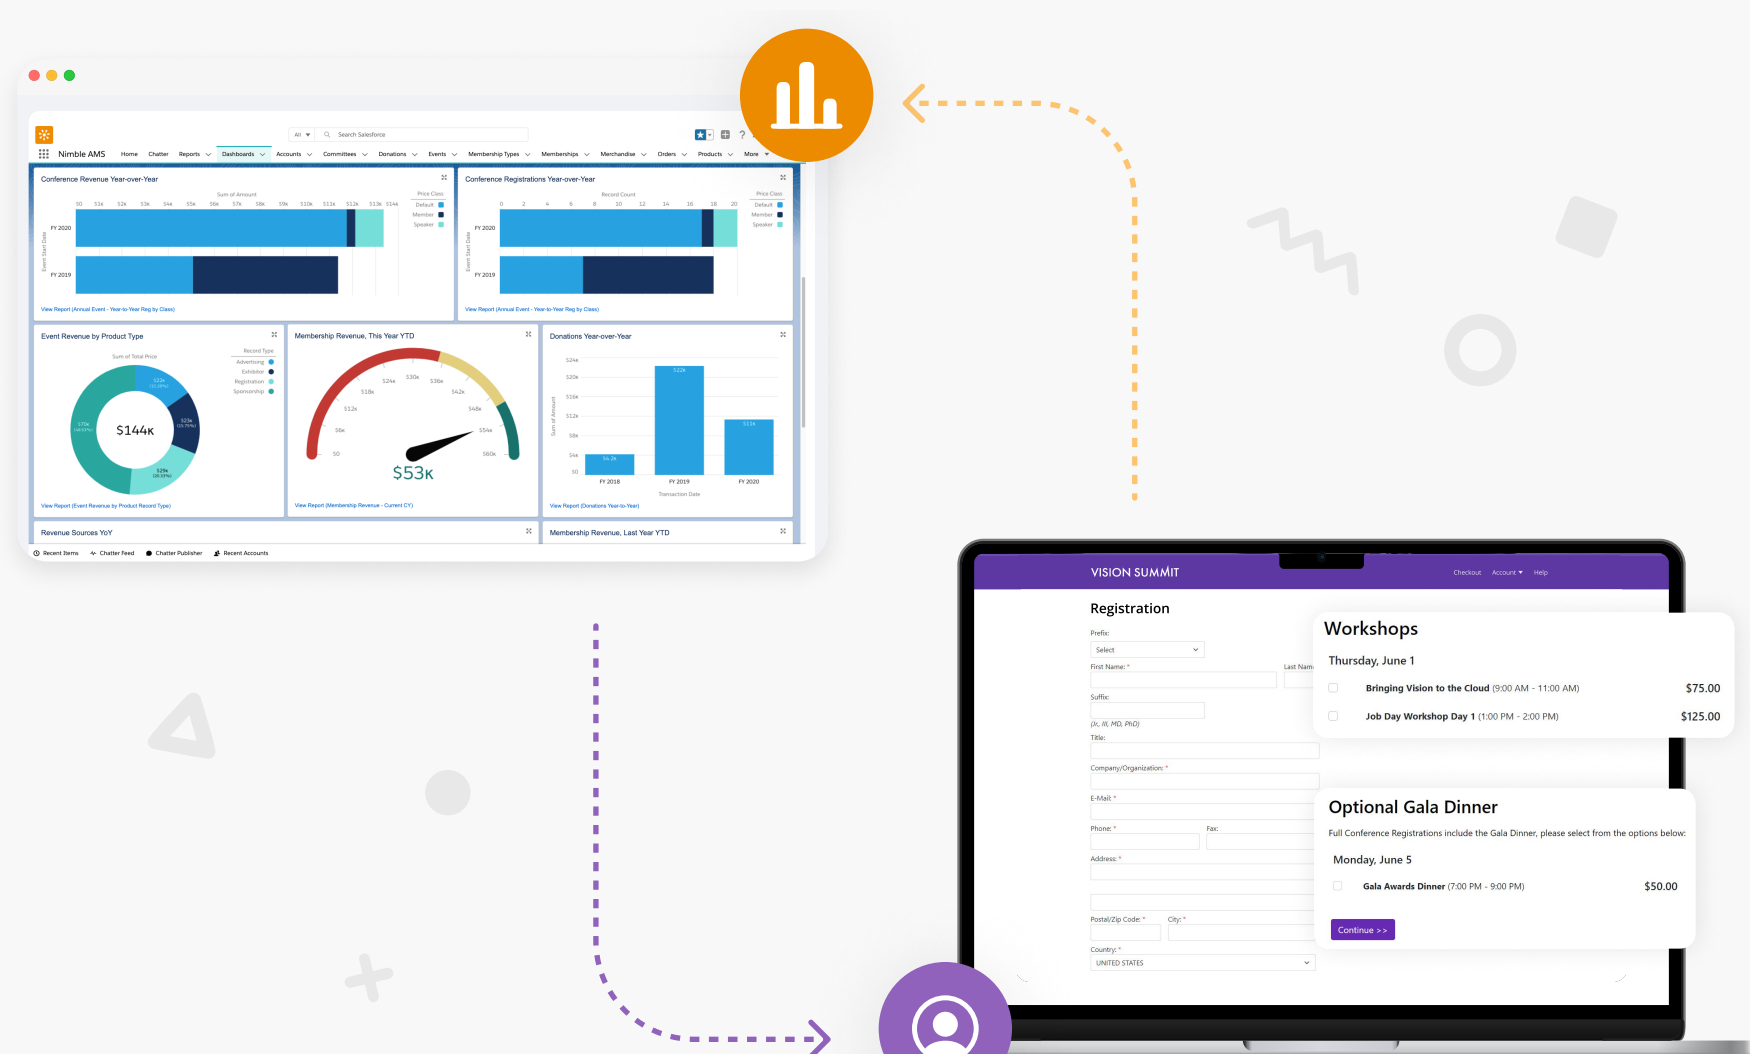

Ensure that members properly get the credit they deserve for attending a session or networking event. With just one scan from a member's badge, **TrackPod** captures the member's presence. Credit is then awarded to that member under their Nimble AMS profile.

**Create better connections**

Simplify networking opportunities by allowing exhibitors to scan members' badges to eliminate the need for a member to provide a business card. Exhibitors can then follow up with attendees through the captured contact information stored in their **lead retrieval solution**.

**Integrated solutions to transform the event experience**

Events and networking are two of the top drivers of member engagement. Leverage Nimble AMS to create event experiences that are personalized and frictionless for members and attendees. Integrate Nimble AMS with Expo Logic for a complete set of onsite event technology solutions to help you manage every aspect of your in-person event and apply key member insights to transform your attendee experience.

Create a seamless experience for your events from start to finish.
